TO THE PUBLIC

We have been notified that a strike of telephone operators has been called for Tuesday, June 26, at 7 A. M.

We believe this ultimatum represents the sentiment of only a small minority of our operating force.

We believe the great majority of our operators will refuse to obey this strike order, and remain at their switchboards to give service to you.

We previously declined to grant the demands for wage increases and shorter hours on which this strike is based, because we regarded them as unreasonable and unwarranted. We explained to every operator the reasons for our decision, and we believe the great majority accept it as reasonable and just.

We believe also that our decision is in the public interest, and that for the operators who have assured us they will remain at their switchboards and continue to give service, we may properly ask your encouragement and support.

O'DONNELLS TURN ON THE MAIN WANTS TO CHANGE HIS WANE

MEDFORD TRACK COACH IS ROUNDLY SCORED

When a man afflicted with the monicker of Wxzechynzki changes his name to Wynn, in due process of law, nobody makes the slightest fuss about it. He comes in for general congratulation.

When a person born Hasenfellerherghelein appeals to the court to let him sign receipts as Haas, all is well.

But when a man whose name is O'Donnell sees fit to change his name to a less Hibernian one—say Donald—there is a hue and cry.

Edmund William O'Donnell, track coach and instructor in physical training at Medford High School, says his name is a handicap to him. People mistake him for a Catholic. He's a Baptist and doesn't want anybody to mistake him for a member of the Roman Catholic church.

Accordingly he filed a petition in Middlesex probate court asking that his name be changed from O'Donnell to Donald.

Whereupon all the other O'Donnells rise up in wrath and express sorrow, contempt and scorn.

SORRY FOR HIM.

"It is sorry for him," declared Mrs. May O'Donnell, whose maiden name was O'Donnell, and who changed her name in 1905 from Mrs. May O'Donnell to Mrs. May O'Donnell. "The only way to change the name of O'Donnell is for him to die and be born again. Once an O'Donnell always an O'Donnell. I have the good name O'Donnell. I've O'Donnell through and through," she declared with a proud, happy ring in her voice.

"It's a shame," was the terse and vigorous comment of Charles J. O'Donnell, prominent business man of Waltham. "I have less respect for Medford that they should have employed such a man to train their children. I can not understand how his friends will care to associate with him. I have always prospered under the name of O'Donnell. It is a historic name, and I am proud of it."

"A man should cling to the name which his mother gave him at birth."

'WETS' PILE UP BIG VICTORY IN MANITOBA

Winnipeg, June 22.—The sweeping majority which went beyond 25,000 in Winnipeg and which was going up slowly as the center was heard from, the bill of the Manitoba League was endorsed by the voters and the bill of prohibition presented by the Manitoba Temperance Act, the law of the province for several years was overturned. It is believed the total majority of the "wets" will reach 25,000.

Under the bill of the Moderation League the government will appoint a commission of three members to administer the sale of liquor for consumption as a beverage in permanent or temporary residences of permit holders. Breweries will be permitted to deliver direct to the houses of purchasers.

The legislature will meet in July to consider the bill which was approved today. A second referendum is to be taken on July 11 on a proposal of the United Men's Association for sale of beer and wine in dining rooms of licensed hotels, and should it be adopted also the two systems will be amalgamated under the administration of the government liquor commission.

DODGE BROTHERS TOURING CAR

If there is one word which will sum up the average owner's impression of Dodge Brothers Touring Car, that word is dependable.

If there is a word to express the quality which Dodge Brothers have striving, above all else, to build into the Touring Car, it is—again—dependable.

Indeed, it is not too much to say that the word dependable has come to be definitely associated, the nation over, with Dodge Brothers Touring Car—and the other vehicles bearing their name.

Nor have Dodge Brothers built this enviable reputation through advertising. They have built motor cars, so dependable in fact that the word has presented itself automatically to the public mind.

PATTENS TO OCCUPY 'AVALON' WHILE MELLON GREAT SCREEN SPECTACLE AT STATE MANY THRILLS IN NEW FILM BENEFIT FOR CRIPPLED CHILDREN

By BETTY ALDEN.

ONE of the most attractive places on the North Shore is "Avalon," the Prides Crossing estate of the Hon. and Mrs. Keith Merrill (Katherine Ayer).

The Merrills are still in Spain where Mr. Merrill's duties as American consul at Madrid keep him. This summer the place—it was once known as the Ayer home—will be occupied by Mrs. Merrill's brother-in-law and sister, Major and Mrs. George S. Patten (Beatrice Ayer), who are coming on with their young family from Fort Riley, Kansas.

The entire clan of Ayer is well-known along the North Shore for its sporting proclivities, the women estak as keenly interested in horses as the men. One of the youngest of the family to show her skill in the ring is Theodora Ayer, daughter of the Charles F. Ayers, who, I believe, will be pleased with the buds of the coming season.

LAST Summer "Avalon" had a very youthful chateau, its mistress being Miss Alisa Mellon, whose father, secretary of the Treasury Mellon, took the place for the season.

Which reminds me that Mr. Mellon and Miss Alisa are sailing today for Europe. The son, Paul Mellon, a Yale man, will also be with them. Alisa Mellon is a close friend of Anna Hamlin, who with her mother, Mrs. Charles Sumner Hamlin, has been spending a season in London, both mother and daughter being presented at Court recently. Another "pal" of Alisa's is pretty Margaret Harding, sister of Mrs. Elizabeth Harding Prince and formerly the wife of polo-playing Freddy Prince, Jr.

MRS. JOHN CASWELL and her daughter, Miss Elizabeth Caswell of "Round Plain Farm," Beverly Farms, have been spending a few days in New York at the Plaza.

WITH the wedding at noon today of Miss Dorothea Amory Codman and William MacNeil Rodwald, Jr., another Boston-New York alliance will be added to the long list.

Miss Nancy Zimmerman came up from Providence to act as maid of honor for the daughter of the Edmund D. Codmans of Beacon street and Westwood. The Misses Isabel Boardman, Rosemond Johnson and Lena Turnbull of Boston, and Miss Jean Dunlop of Providence comprise the bridesmaids' group; the ceremony taking place at the Church noon in the Advent. There will be a reception at "Green Lodge Garden," the Westwood country estate of the bride's parents.

The young people will go abroad on their wedding journey and upon their return will make their home in fashionable Tuxedo Park, where the groom's father lives.

Speaking of Tuxedo Park, several former Boston maidens are now members of the smart colony there. One of the most recent to join it is Mrs. Amy Timms (Elizabeth St. John White), a tall, slender blonde of rather a fragile type. She was married to the Harvard 12 man

"Enemies of Women," Cosmopolitan Corporation's production of the Vicente Blasco Ibanez story of the same title with Lionel Barrymore and Alma Rubens featured in the two leading roles, opens at Loew's State Theatre on Monday. Alan Crosland was the director, Joseph Urban designed the settings and John Lough prepared the scenario. With many of its scenes taken on the actual location of the story in Monte Carlo, Nice and Paris, and with a largeness of production never assumed in film production to equal the average "super production" in every way.

Blasco Ibanez proved in his brilliant "Four Horsemen of the Apocalypse" and "Blood and Sand" that his stories have particular screen quality. Perhaps his ability in colorful description of characters and scenes is responsible for the ease with which his stories have been brought to the screen. In "Enemies of Women," the drama of reaction of man and woman, is laid in the background of Russian society, his shifting to Monte Carlo, and hence to Paris. Under the revels of Russian courtiers, the tragedy of the coming fall of Monte Carlo and the love of a man and woman, there is the constant rumbling of the canons of war. The story has practically every element, in it required for a great screen drama.

Joseph Urban has designed magnificent settings for the Russian palace of "Princes" Lantieroff, the French villa of Alicia, a replica of the Casino, and the Monte Carlo house of the Princes. Alan Crosland, the director, has had his opportunities to make a number of fine, fighting fashion and emotional scenes as well as in his war picture. Besides the two featured players the cast includes Pedro de Cordoba, W. H. Thompson, Garret Hughes, Gladys Hulette, William Collier, Jr., Mario Majeroni, Paul Panzer and Betty Houston.

SEA COAST AND WOODS COMBINED IN NORTH SHORE AUTO TOUR

MALES OF PERFECT ROADS

Route Leads Through Swampscott, Marblehead, Portsmouth and Portland

By H. E. CASEY.

This week's trip can be made via Newburyport, Turnpike, a polished floor road for miles and miles over hill and dale, viewing nature's most picturesque product or via Marblehead, where you see the ocean breaking over the massive cliffs, sending its spray high into the air.

Not only is the coast remarkable for its harbors and bays but it is the most beautiful on the Atlantic and has every variety of coastal features, including many beaches of unequalled smoothness and lengthy rocky promontories and islands without number.

The ocean drive through Swampscott and from Hampton Beach to Portsmouth alone is worth the trip viewing the most beautiful estates. The Ocean House, Swampscott, the Wentworth at New Castle and the Stonely Manor at Rye Beach.

All perfect roads to Portsmouth until you enter Kittery, then the roads are fair via York Beach, Kennebunk, Biddeford to Portland. You will find a few spots where repair work is called for, but nothing to interrupt the trip. The best part of the trip is from Boston to Portsmouth.

THROUGH SWAMPSCOTT.

Starting at Brunswick Hotel down over Clarendon street to Commonwealth avenue to Massachusetts avenue, Cambridge, turning left at Central square over Prospect street, turn right on Washington street, following signs to Falloway and Revere Beach Boulevard.

At Broadway, turn left to Everett through Malden to Turnpike or continue on Revere Beach through to Lynn and Nahant (Turnpike) road to Newburyport. Continue on from Lynn, follow trolley to fork in road then bear right, Shore Boulevard, right to Swampscott.

Swampscott is considered one of the most exclusive sections of the North Shore. Here facing the wide expanse of Massachusetts Bay and fronting upon a broad curving sandy beach stands the New Ocean House and Annex. A long established, well known and widely popular resort hotel.

The Main Hotel is a substantial five story structure. The Annex is a seven story building with private bath in every room. The entire first floor of the New Ocean House is devoted exclusively to four lounge and public rooms.

Beautiful furnishings, tasteful decorations and an unusual collection of Oriental art create an atmosphere of complete comfort to luxury. Lining the main promenade are a number of specialty shops representing New York and Boston firms.

NEW GOLF COURSE.

The sun parlor with windows facing to the ocean in front and garden in the rear is one of the most attractive rooms. The four acres of a small golf course, which is one of the new features, may be seen from the windows on the "Garden side."

Straight ahead along shore route to Clifton—straight ahead through Ocean street, Marblehead—bear left on School street. Turn right, Essex street, following trolley to the Adams House, famous throughout the country for the shore dinners. Here you will find most attractive service and a cuisine of excellence.

Lovers right to the ocean, beach and served in less than an hour, both spacious dining room and the Adams House Annex, situated at the entrance of old Port Sewall, furnish a beautiful view of the yachting harbor of the Eastern and Corinthian Yacht clubs.

John T. Adams, the proprietor, caters specially to the tourist, having provided free parking for his patrons.

TO NEWBURYPORT.

Proceeding over the hill follow trolley to fork. Bear right with trolley to Salem—Monmouth street, right, turn left on Hawthorne boulevard. Bear left on Winter street, turning right at end of bridge. Curve right with trolley. Beverly—turn right on Hill street, following trolley. Bear right, leaving trolley passing Priole's crossing on left. Cross railroad. Turn right, Bear Beverly Farms station on left.

Cross railroad. Turn left down grade, passing Manchester Town Hall on right. Turn right at top of hill are left on Summer street, following trolley points on right to Pawtucket. FOREIGN MAIL WILL BE HELD UP 3 DAYS

From June 27 to June 30 inclusive no foreign mail will be shipped out of Boston, according to the announcement made today by Assistant Superintendent of Mails Hammond of the Boston Postal District.

Lack of sufficient appropriation to cover this phase of the postal service is given as the reason for this stop. It is estimated that \$200,000 parcel post packages and \$50,000 first class letters will be affected.

In New York a similar stop will occur. In that city postal authorities estimate that \$50,000 parcel post pieces and \$25,000 first class letters will be held up. Normal service will be resumed on July 1 when the new postal appropriation begins.

According to reports from Washington the increase in outgoing mail to foreign countries has been so great and unexpected that the appropriation of \$500,000 for that purpose has been used up.

Q—Six of us boys would like to go to a lake, thirty or forty miles from Boston, where we could pitch a tent, hire canoes and go boating. Can you tell us of such a place?—J. W. Malden.

A—It is doubtful if you could pitch a tent near any body of water within such a short distance of Boston without getting permission of the owners of the land. Why don't you go to Bow Lake, Stratford, N. H. The land owners will permit you to erect a tent there and there is good bass and pickerel fishing. The lake is 50 miles from Boston.

Q—Are there any places within thirty or forty miles of Boston where black bass, pickerel, etc., can be caught? A good book giving information as to habits and haunts of fresh water fish would be of great value. F. M. Brookline.

A—There is good bass fishing at

short distance from Boston there are seldom many people there, even on Sundays and holidays. Take a fishing rod or bait line along to catch a few sea perch and tom-cod.

Q—I would like to know where landlocked salmon can be caught in New England? H. K. Jamaica Plain.

A—Grand Lake Stream, Prince, Me.; Cushing Lake, Cooper, Me.; Lake Kennebec, Me.; Long Pond, Stratham, N. H.; station, Sanford. Good steel fish can be caught in all these bodies of water. Pickered up to 25 inches long have been caught in Long Pond this season.

Q—Can you suggest a good place for a Sunday outing for my family? I have a driver and would like to go to some place that is not too crowded. M. A. Roxbury.
